Prac-1 - WT

Introduction to HTML

Task: Build a Personal Profile Page

• Objective: Create a simple HTML page that introduces yourself. Include headings, paragraphs, lists (ordered and unordered), and links. • Activities: • Create a heading with your name. • Write a paragraph about yourself. • Add a list of your hobbies (ordered list).

     • Add a list of your 3 favourite websites (unordered list) with clickable links.

```html
<!DOCTYPE html>
<html>
<head>
 <title>My Personal Profile</title>
</head>
<body>
 <h1>Dev Dadhania </h1>
 <p>Hello, My name is Dev. I am from Junagadh. I am currently studying in
CSPIT-IT Department.</p>
 <h1>My Hobbies:</h1>
 <ol>
 <li>Sports</li>
 <li>Reading Comics</li>
 <li>Cycling</li>
 </ol>
 <h1>My Favorite Websites:</h1>
 <ul>
 <li><a href="https://www.google.com.com" target="_blank">Google</a></li>
<li><a href="https://www.animetv.to" target="_blank">Anime</a></li>   <li><a
href="https://www.sports.com" target="_blank">Sports</a></li>   </ul>
</body>
</html>
```
